

# Child's Voice in Geography

## **Nursery:**

"What's that one say?" "... I think it says, 'monkey'" "No?" "... 'Africa'? Oh."  
"I don't know that one."

"Hey! Wait! I got to do the treasure map... X marks the spot." "On the *plane!* On the *plane!*"

"We got there... to Cyprus." "I been to real Cyprus."

## **Reception:**

"I liked being a weather reporter because you can tell... you could pretend you would be on TV and you could say the different weather you wanted it to be."

"The blue is water, the white is snow and the green is land."

## **Year 1:**

"In Geography we learn about the world."

"We learn about oceans and we learn about the land."

"We are very confident in it and we learn about things that we didn't know before."

## **Year 2:**

"It's fun because you get to learn new things and you get to draw to help you explain things. "

"You can learn about more stuff and it completes you more, and it's fun in my opinion."

"It's locations around the world and basically telling you where they are, what they are and how to get there."

**Be Kind, Grow Together, Learn Forever**
