1. Welcome/attendance (for information only) see above
2. School council/pupil presentations/informal discussions – just Juniors

The Junior School Council spoke with the governors informally before presenting what they have discussed and worked on this year. The governors were then able to ask them questions. We were very impressed with their confidence and their knowledge about the school. They cited their biggest achievements as improving the play equipment on the bottom playground and working with the catering staff to improve school lunches. Thank you to Cara Christie for bringing them to the meeting.

3. Neil Marlowe speaking about MATs 6:30  
The political landscape is constantly changing so we aren't sure what direction the White Paper is heading. Advice is to do nothing right now. We will keep an eye on the situation and in the meantime JA and FB will find out some more information from Christ College.
