- are more vulnerable to mental health, wellbeing, bullying and safeguarding risks

4. We will ensure that:

- our Designated Teacher and Governor with special responsibility for LAC work together to promote the educational achievement and welfare of Children In Care, children previously in care and children with a social worker in our school. The Headteacher will provide information to staff and relevant families about the roles and responsibility of these two positions.
- staff are aware of the learning, social and emotional impact on children of being looked after, the DfE statutory Guidance and the duty on Local Authorities to promote the education of LAC.
- at all times we will maintain a holistic view, involve the child and take account of their view in issues that affect their education, good behaviour, wellbeing and self image.
- we monitor the progress of our students who are in care, previously in care or with a social worker in order that key problems, challenges and successes are evident and used to inform school planning, development and interventions.
- we work jointly with Barnet's agencies in particular the Virtual School for Barnet's Looked After, Previously Looked After Children and those with a social worker to support and enable children in care to access a broad and balanced curriculum to suit their individual needs and out of school hours learning whenever relevant as we recognise the positive impact this has on their self-esteem and learning.
- we foster good partnerships and encourage joint working with parents/carers, social workers, health workers and other professionals in order to secure a successful schooling experience. We expect all our staff to support and champion these pupils.
- we participate in discussion, decision making and PEP planning and in reviewing the progress of our children in care, previously in care and with a social worker ensuring that regular attendance is maintained and that the recommendations of the Children Act 2004 and the current guidance stipulated by the DfE and Barnet Virtual School are followed.
- we share and transfer information and data in line with our GDPR data protection policy and with speed to relevant agencies and individuals.
- we develop our knowledge and attend training related to the needs of Children In Care and work closely with Barnet's Virtual School for Barnet's Looked After and Previously Looked After Children who are responsible for monitoring the educational and health outcomes of Children In Care.
